

**State of Vermont
Executive Department
A Proclamation**

WHEREAS, across Vermont, clean and readily abundant forms of energy are powering more homes and businesses than ever before; and

WHEREAS, Vermont is committed to renewable energy that benefits our economy and environment; and

WHEREAS, Vermont’s growing energy economy has created jobs while reducing consumer demand for high-cost, high-carbon “peak energy” by creating and supporting clean, renewable energy sources and increasing energy efficiency; and

WHEREAS, clean energy is part of America’s energy future and includes generation from multiple renewable resources; and

WHEREAS, the clean energy sector is a growing part of the economy and has been a key driver of economic growth in Vermont in recent years, with 18,910 clean energy jobs, which is 2.5 times more concentrated in Vermont’s workforce than the national average, according to the 2020 Vermont Clean Energy Industry Report issued by the Public Service Department; and

WHEREAS, most of these jobs cannot be outsourced due to the on-site nature of construction, installation, and maintenance, and are inherently local, and contribute to the growth of local economies.

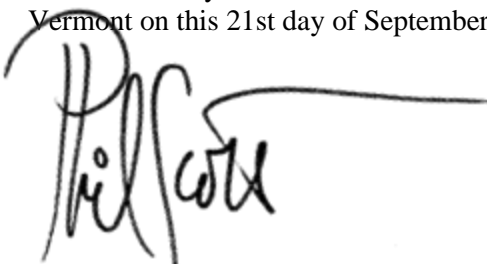

NOW, THEREFORE, I, Philip B. Scott, Governor, hereby proclaim September 21-25, 2020 as

CLEAN ENERGY WEEK

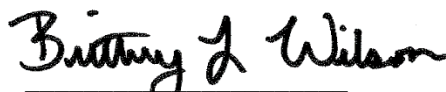

in Vermont.

Given under my hand and the Great Seal of the State of Vermont on this 21st day of September, A.D. 2020.

Philip B. Scott
Governor

Brittney L. Wilson
Secretary of Civil and Military Affairs
