

City of Montgomery, Alabama
Office of the Mayor
Proclamation

WHEREAS, *clean and readily abundant forms of energy are powering more homes and businesses than ever before and are a foundational part of America's future; and*

WHEREAS, *affordable and reliable clean energy is and will continue to power Alabama's robust economy; and*

WHEREAS, *continued advances in clean energy technologies, resilience, and reliability are critical to our energy future; and*

WHEREAS, *National Clean Energy Week encourages increased organizational and individual support of clean energy solutions to power our economy into the future; and*

WHEREAS, *Alabama already produces 425 megawatts of clean energy that powers more than 68,000 homes; and*

WHEREAS, *clean energy has created more than 2,500 jobs and nearly \$800 million in economic investment in Alabama; and*

WHEREAS, *the long-term focus on energy independence and free market innovation has and will continue to allow Alabama's energy portfolio to be clean, resilient, and reliable;*

NOW, THEREFORE, *I, Steven L. Reed, Mayor of the City of Montgomery, do hereby proclaim September 26-30, 2022 as*

Clean Energy Week

in the City of Montgomery, Alabama.

In witness whereof, I have hereunto set my hand on this 14th day of September, 2022.

A handwritten signature in black ink, appearing to read "Steven L. Reed", written over a horizontal line.

Steven L. Reed, Mayor
