

**Office of the Mayor  
Fort Dodge, Iowa**

# PROCLAMATION

**Whereas**, across Fort Dodge, clean and readily abundant forms of energy power more homes and businesses than ever before; and

**Whereas**, clean energy is part of Iowa's energy future. It includes generation from renewable sources such as wind, solar, hydro and geothermal sources, but it also includes nuclear, natural gas, and carbon capture technologies as well as energy storage; and

**Whereas**, the clean energy sector is a growing part of the economy and has been a key driver of growth in Iowa in recent years, with over 28,000 Iowans currently employed in the clean energy sector; and

**Whereas**, Iowa is the nation's largest fuel ethanol and biodiesel producer, accounting for one-fourth of U.S. fuel ethanol production capacity and one-fifth of biodiesel manufacturing capacity; and

**Whereas**, Fort Dodge is committed to ensuring clean energy generation for its communities while developing economic growth through the renewables sector; and

**Whereas**, clean energy jobs cannot be outsourced due to the on-site nature of construction, installation, and maintenance. These jobs are inherently local and contribute to the growth of local economies; and

**Whereas**, as our country celebrates National Clean Energy Week, I encourage individuals and organizations in Iowa to support commonsense solutions to address America's economic and energy needs in the 21st century. I also encourage Fort Dodge to continue implementing the cleanest, lowest-emitting energy technologies available.

**Now, therefore, I, Matt Bemrich, Mayor of the City of Fort Dodge, Iowa, do hereby proclaim** September 26-30, 2022 as

## ***NATIONAL CLEAN ENERGY WEEK***

**IN WITNESS WHEREOF**, I have hereunto set my hand and caused the Seal of the City of Fort Dodge, Iowa to be affixed this 12<sup>th</sup> day of September 2022.

  
Matt Bemrich, Mayor
