

Roland, Iowa

Whereas, across Roland, clean and readily abundant forms of energy power more homes and businesses than ever before; and

Whereas, clean energy is part of Iowa's energy future. It includes generation from renewable sources such as wind, solar, hydro and geothermal sources, but it also includes nuclear, natural gas, and carbon capture technologies as well as energy storage; and

Whereas, the clean energy sector is a growing part of the economy and has been a key driver of growth in Iowa in recent years, with over 28,000 Iowans currently employed in the clean energy sector; and

Whereas, Iowa is the nation's largest fuel ethanol and biodiesel producer, accounting for one-fourth of U.S. fuel ethanol production capacity and one-fifth of biodiesel manufacturing capacity; and

Whereas, Story County generates over 793,000 MWh of wind, solar and hydro power for its citizens and Roland pursues additional renewable infrastructure investments; and

Whereas, clean energy jobs cannot be outsourced due to the on-site nature of construction, installation, and maintenance. These jobs are inherently local and contribute to the growth of local economies; and

Whereas, as our country celebrates National Clean Energy Week, I encourage individuals and organizations in Iowa to support commonsense solutions to address America's economic and energy needs in the 21st century. I also encourage Roland to continue implementing the cleanest, lowest-emitting energy technologies available;

Now, therefore, I, Andy Webb, Mayor of Roland, Iowa, do hereby proclaim September 26-30, 2022 as

NATIONAL CLEAN ENERGY WEEK

in Roland.

In Witness Whereof, I have hereunto subscribed my name and caused the great seal of the City of Roland to be affixed. Done at 6pm this 7th day of September, in the year of our lord two thousand twenty-two.

Signed:

Andy Webb,

Mayor, Roland, IA
