

JEFF WAGNER
MAYOR

Proclamation

Whereas, across Texas, clean and abundant forms of energy are powering more homes and businesses than ever before thanks to renewable sources such as wind, solar, hydro, geothermal, as well as nuclear, natural gas, and carbon capture technologies; and

Whereas, Texas is the leading crude oil-and natural gas-producing state in the nation, and also ranks first in wind-powered electricity generation; and

Whereas, the Lone Star State is already a global leader in renewable energy development, generating the most wind power of any state and ranking second in installed solar capacity; and

Whereas, developing and growing our clean energy sector helps strengthen our state's economy, while creating jobs, spurring innovation and driving investments that improve the quality of life in Pasadena and communities throughout the state; and

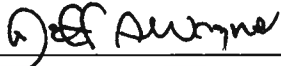

Whereas, National Clean Energy Week provides the chance to lift up common sense solutions that will help ensure we are able to produce reliable, affordable energy for Texas homes and businesses now and in the years to come.

Therefore, I, Jeff Wagner, Mayor of the City of Pasadena, Texas, do hereby proclaim September 26-30, 2022, as

Clean Energy Week

In Pasadena, Texas

In witness whereof, I have hereunto set my hand
and cause the Seal of the City to be affixed,
this 1st day of September 2022

Jeff Wagner, Mayor
