NATIONAL CLEAN ENERGY WEEK | #NCEW25 | SEPTEMBER 15-19, 2025

WASHINGTON, D.C. & VIRTUAL

National Clean Energy Week (NCEW), described by POLITICO as “**a veritable who’s who of the Clean Energy World,**” is an annual awareness week to recognize the value of clean energy including abundant job opportunities, economic growth, energy independence, consumer choice, lower energy prices and a cleaner environment.

Join the week-long **celebration of clean energy innovation** and join the conversation on how we can harness all of our resources, including nuclear, solar, wind, wave, hydrogen, hydropower, geothermal, natural gas and biomass, along with technology solutions such as carbon capture, storage and waste-to-energy, to solve the world’s most pressing challenges!

National Clean Energy Week draws **a nationwide audience** and brings together appointed and elected officials, business leaders, advocates, policymakers, investors and trade associations representing a broad cross-section of the energy and technology supply chain who are dedicated to advancing clean energy.

The 9th Annual NCEW will take place from September 15-19, 2025, and will include in-person policy engagements, livestreamed content and in-person networking events in Washington, D.C.

SEPTEMBER 15 - 19, 2025

Senator Susan Collins (R-Maine)

ON INTRODUCTION OF THE SENATE NCEW RESOLUTION:

"America's clean energy sector creates good-paying jobs; strengthens local, regional, and national economies; and holds great promise in the fight against climate change."

Help us build on the success of 2024!

Rep. Scott Peters (D-Calif.)

Rep. August Pfluger (R-Texas)

Rep. Mariannette Miller-Meeks (R-Iowa)

Rep. Marc Veasey (D-Texas)

Rep. John Curtis (R-Utah)
IN THE WASHINGTON TIMES:

"From renewable sources like wind and solar to groundbreaking advances in battery technology, the United States has been actively reducing its carbon footprint while ensuring energy security."

NCEW VIP Reception & Dinner

The VIP Reception & Dinner features policymakers and special guests, including 285+ leaders from the business community, state and federal government, and more. Attendees in 2024 included **81** congressional staff and **2** Members of Congress.

The 2024 dinner program featured House Natural Resources Committee Chairman Bruce Westerman (R-Ark.). He shared insights on permitting reform and environmental policy in a conversation with CRES President Heather Reams. The discussion highlighted recent legislative progress on bipartisan permitting reform.

Young Professionals Happy Hour

This happy hour provides an opportunity to network with the next generation of advocates for American clean energy, including **150+** young professionals from industry and government.

Sen. Maria Cantwell (D-Wash.)

ON INTRODUCTION OF THE NCEW SENATE RESOLUTION:

"Investing in clean energy and modernizing our nation's grid will make America's electricity supplies more secure, abundant and affordable all while creating new jobs. The clean energy investments we make right now will have substantial impacts on our climate, economy, and global competitiveness for generations to come."

Sen. Mike Crapo (R-Idaho)

IN THE WASHINGTON TIMES:

"To meet sustainability goals and boost the economy, clean energy choices must be affordable and accessible to all. As we continue to grapple with world challenges and increasing energy demands, we must seek out clean energy solutions that preserve American energy independence, strengthen our national security, diversify our energy portfolio and grow the economy."

NCEW Policymakers Symposium

The Policymakers Symposium is a robust program featuring expert panel discussions and keynote remarks on the latest in climate and energy policy, highlighting leaders in their fields. Attendees will hear directly from top decision-makers in clean energy, including policymakers and top influencers in clean energy investment, innovation and policy.

This year, the Symposium will feature two days of in-person programming in Washington, D.C., with the option to live stream panels and armchair discussions online. This brings together our Washington-based audience and provides access to a nationwide stakeholder community.

List of panel topics to include:

- Permitting Reform
- Clean Energy Tax Credits
- Rural Communities & Domestic Manufacturing
- Offshore Wind
- Liquid Fuels
- Electric Vehicles
- Innovation
- Reducing Industrial Emissions
- U.S. Competitiveness, Global Leadership and Supply Chain Security
- Hydrogen
- Nuclear
- Geothermal
- Clean Firm Power

Sen. Susan Collins (R-Maine)
ON INTRODUCTION OF THE NCEW
SENATE RESOLUTION:

"America's clean energy sector creates good-paying jobs; strengthens local, regional, and national economies; and holds great promise in the fight against climate change. This bipartisan resolution recognizes the importance of clean energy sources and encourages investment in clean, low-emitting energy technologies to reduce harmful pollutants and leave the earth better than we found it."

Rep. Lisa Blunt Rochester (D-Del.)
ON INTRODUCTION OF THE NCEW
HOUSE RESOLUTION:

"I'm proud to work with Rep. Miller-Meeks to show that clean energy isn't a partisan issue and that we can power our homes and economy in a way that helps us fight the climate crisis and reduce greenhouse gas emissions."

Rep. Bruce Westerman
(R-Ark.)

IN THE WASHINGTON TIMES:

“As we celebrate the strides we have taken in clean energy this week, let us also not forget the time for permitting reform is now to bring these projects and ideas to life. Our energy and national security depend on it.”

Rep. Chrissy Houlahan (D-Penn.)
IN SUPPORT OF NCEW:

“Hundreds of thousands of good-paying, stable jobs are now available and helping to power our homes, our schools and our businesses with clean and renewable energy... I share all of this to emphasize the bipartisan support that has developed around clean energy. That’s something to be proud of.”
